

Zymox® Topicals

Recommended for use on:

- Ringworm
- Atopic dermatitis
- Hot spots
- Acute moist pyoderma
- Fold pyoderma
- Anal sac abscesses

Now you have the power of the ZYMOX® Three Point Enzyme System to help fight topical skin infections. The same effective formula found in ZYMOX® Otic is used in new ZYMOX® Topical Cream, and Spray. Three packaging forms give you a choice for the most convenient application.

Zymox Topical Spray - 2 oz. bottle

Zymox Topical Cream - 1 oz. tube

Available through your veterinarian only.

Products **do not** contain Xylitol, Alcohol, Chlorhexidine, or Chlorine compounds.
