

## LASER THERAPY EDUCATION PROGRAMME

### Proposed by Mano Médical

Webinars presented by Dr Ron RIEGEL | DVM

Co-founder of the **American Institute of Medical Laser Applications** providing education on all types of medical lasers in both veterinary medicine and other healthcare professions.

He authored more than a dozen papers and books on equine anatomy and both equine and companion animal therapy modalities including “**Laser Therapy for the Equine Athlete**”. He was co-editor of the textbook: **Laser Therapy in Veterinary Medicine – Photobiomodulation**.
